High Beams

High Beams is a series of outdoor exhibitions that began in September 2020 on the rooftop of a parking garage in Los Angeles' Fashion District.

The exhibitions function as COVID-safe outdoor events, coinciding with Bendix Building's first virtual Saturday programming of events, walk throughs, and artists talks.

Guests can browse the directory to view what each physical space is doing, culminating their evening by "driving through" a curated collection of artist-run establishments from the Bendix Building and beyond.
